Local Business CHIPS Computer Services Earns 2010 Growth Award

Global IT Innovator Recognizes CHIPS Computer Services As a Top-Performing Partner at 2010 Partner Summit

Hugo, MN, Oct. 29, 2010 — CHIPS Computer Services (www.chipscs.com) today announced it has been named the **2010 Growth Award Winner** by [N-able Technologies](#)[®], a global leader in remote network and systems management (NSM) software for IT departments and [managed service providers](#) (MSPs). The honor was presented to CHIPS' President Tony Chiappetta by N-able's CEO Gavin Garbutt and Vice President of Sales Mike Cullen during an awards dinner at the N-able 2010 Partner Summit in Scottsdale, Ariz.

In making the award selection, N-able reviewed the year-to-date achievements of its more than 2,000 MSP partners to identify Tony Chiappetta and CHIPS Computer Services with this prestigious recognition.

“Under Tony’s leadership, CHIPS Computer Services has excelled in its partnership with N-able, demonstrating exceptional leadership, strong business growth and a dedication to providing high-value IT service capabilities,” says Cullen. “We truly value our partnership with Tony and CHIPS Computer Services and look forward to helping them build upon their success in the years to come.”

CHIPS Computer Services is further distinguished by its proven expertise in [N-able’s N-central® NSM](#) software platform and commitment to providing 100 percent IT coverage to its customers.

“On behalf of the CHIPS Computer Services team, we are honored to receive the 2010 Growth Award from N-Able Technologies,” says Tony Chiappetta, President of CHIPS Computer Services. “In a competitive market, being recognized for business and sales leadership is a tremendous honor and a testament to the hard work and determination of our staff. We will use the award as inspiration to drive continued success into 2011 and beyond.”

The 2010 N-able Partner Summit attracted more than 350 MSPs and was held October 20-22 in Scottsdale, Ariz.

About CHIPS Computer Services
